**Rennstrecke/****Race Track**

The Olympic Sports Complex Combined Track, built in 1999-2000 in time for the 2000 Inaugural Winter Goodwill Games, is a state of the art track that offers challenges to athletes of all three sliding sports. The Combined Track at the Olympic Sports Complex is amongst the most technical and challenging in the world for drivers, integrating all three components of Luge: start, equipment, and driving. This outstanding facility continues to improve as it upgrades its timing, communication, lighting, building, and refrigeration systems.
